

Neurosculptors

Grades:	1st - 3rd
Day of Week:	Friday
Time of Class:	1:00 pm - 2:30 pm ET
Length of Class:	5 weeks
Semester:	Spring 2022
Tuition:	\$125.00

Class Dates:

Week 1: Week of March 28

Week 2: Week of April 4

Week 3: Week of April 11

Week 4: Week of April 25

Week 5: Week of May 9

Make Up Week: Week of May 16

Instructor's Name:	Joleen Sierra
Instructor's Email:	insightedservices@gmail.com
Instructor's Phone:	276-206-5094

Description of Class:

Let's learn how to sculpt our brains!

In class we will learn about the anatomy and function of different regions of the brain. We will learn about how everyone's brain is unique. Students will learn how different activities help different parts of the brain stretch and grow. We will discuss strengths and specific areas students would like to work on sculpting along with strategies for improvement.

Class Approach:

Students will participate in class discussion and hands-on activities.

Goals:

Students will be able to:

- Identify brain regions and describe functions
- Identify personal strengths and areas of growth and connect them to corresponding regions of the brain
- Understand how brain areas work together
- Understand how effort and practice help the brain grow
- Learn from mistakes and use them as a stepping stone for growth

Textbook:

No required textbook

Additional Supplies/Resources Needed:

- Webcam
- Microphone
- Paper
- Pencil
- Colored pencils/crayons
- 6 different colors of play dough
- Toothpicks
- Sheet of Labels
- Printer

Requirements:

Students will be expected to participate in class discussion and complete activities in class.

Weekly Homework:

Students may have an occasional worksheet to complete outside of class.

Homework Policy:

Homework will be due prior to class. If a student is unable to complete an assignment, please contact me.

Anticipated Weekly Course Schedule:

Week	Topic
Week 1	Neuroanatomy; Play dough brain sculpture
Week 2	Brain functions
Week 3	Uniqueness
Week 4	Brain Workouts
Week 5	Wrap-up; Brain Game
