Description of Class:

In this ongoing class, we will read a new book each week. After the story, it's build time!!! To end class, each child will get a chance to share what they've built.

The students will brainstorm things that can be build and that connect well with the story. They will be the ones who determine what they will build. Learners will have time to build a Lego creation that connects to what we read.

Class Approach:

There is no prior knowledge or experience needed. All that students will need is listening ears and bricks with which to create. I can't wait to see your child's creativity!

Additional Supplies/Resources Needed:

Learners will need to bring an assortment of Lego bricks to class so that they can build whatever their imaginations create.

Evaluation:

Based on participation in class discussions, experiments and any homework, individualized feedback will be provided.
